TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

General Policy Information

Purpose

This policy outlines leave benefits and reporting requirements for OSPA employees. Each state agency is required to keep a record of its employees' accrual and use of annual and sick leave; and account for whether leave taken is for sick leave, annual leave, other paid leave, leave without pay, or other absence

Definitions

FLSA (Fair Labor Standards Act) – is the federal law that establishes overtime pay and recordkeeping standards affecting full-time and part-time workers in the private and governmental sectors. OSPA employees may find their FLSA status on their Employee Timesheets in CAPPS.

FLSA Exempt Employee – an employee who is not subject to (i.e., is exempt from) the provisions of the FLSA.

FLSA Non-Exempt Employee – an employee who is subject to (i.e. is **not** exempt from) the provisions of the FLSA.

Headquarters employees – OSPA employees who office in the capitol complex in Austin.

Member of an employee's family – the following persons are members of an employee's immediate family: 1) an individual who resides in the same household as the employee and is related by kinship, adoption, or marriage; (2) a foster child who resides in the same household as the employee; and 3) a minor child of the employee, whether living in the same household.

Work Time

Policy

An OSPA employee is expected to report to work at the appointed time and work his or her scheduled hours.

Workweek

The standard workweek for full-time OSPA employees is 40 hours. The workweek is 12:00 a.m. Saturday through 11:59 p.m. Friday.

Other Activities Considered Work Time

In addition to time spent performing regular job duties, the following activities are considered work time:

- Travel as part of the employee's job duties (does not include the travel to and from work);
- On-call emergencies that require returning to agency premises, workstation, or duty assignment;

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

- Meal periods in which an employee is not completely relieved of duty; or
- Breaks 15 minutes or less twice each day.

Travel Time

Travel time is considered hours worked when the employee is in transit:

- Between job sites during the day's work;
- On official travel status, out of town to attend or return from work-related training, conferences, or meetings, except for bona fide meal periods, when sleeping, or when free to pursue personal activities.

Travel time between the employee's home and regular duty station is not considered work time.

Meal Periods

Full-time employees are expected to take a meal break of at least 30 minutes. Exceptions may be made by supervisors on a case-by-case basis.

Breaks

An employee is allowed two paid work breaks of up to 15 minutes each.

Breaks are a privilege and not an entitlement, and cannot be accrued or accumulated to extend lunch breaks or shorten the workday.

As required by federal and state law, OSPA must provide reasonable break time and a private space for an employee to express breast milk for her nursing child.

Training Time

Participation in required training programs is considered hours worked.

Voluntary training is considered hours worked only when the agency chooses to recognize such hours.

Employee Time and CAPPs

All time and leave is maintained in CAPPs.

All OSPA employees are required to document their leave time taken and compensatory time or overtime earned in CAPPs. CAPPs is an exception-based leave system. For timekeeping purposes, all leave is to be rounded to quarter-hour (15 minute) increments.

Time and leave are accounted for in CAPPs using Time Reporting Codes (TRC). For assistance with entering time and leave in CAPPs, contact OCA's Payroll Officer.

Commonly Used TRCs

ANLVT – Annual Leave Taken

Less Frequently Used TRCs

EXERT – Exercise Leave Taken

TIME AND LEAVE POLICY

COMPT – Compensatory Time Taken

HCMPT – Holiday Comp Taken

REGHR – Regular Hours Worked

REGHW – Regular Hours Worked on a Holiday

REGOH – Regular Holiday Worked in lieu of Optional Holiday

SICKT – Sick Leave Taken

FLSAP - Banked Overtime Paid (if eligible)

FLSAT – Banked Overtime Taken (if eligible)

JURYD – Jury Duty

VOTES – Leave to Vote

WELLT – Wellness Leave Taken

All OSPA employees must receive prior approval from their supervisors for all leave, unless it is for sick leave.

Entering Leave in CAPPS

Employees must submit any leave taken in CAPP on a month-to-month basis. The prior month's leave must be reported within the first week of the next month. By approving their employees' leave in CAPPS, the SPA certifies the approval of any scheduled leave.

Prior Approval to Earn Compensatory Time or Overtime

Before earning compensatory time or overtime, employees must complete a Request to Earn Compensatory Time or Overtime form and obtain approval from the SPA, unless the compensatory time is to be earned on a skeleton crew holiday. This form must be submitted to OCA's Payroll Department.

Discretion of Supervisors

Before requesting leave, employees should ensure that they have adequate leave balances and that their absence will not interfere with the performance of their job duties. Leave approval is not automatic. While every attempt is made to accommodate employees' timely leave requests, the SPA has the authority and responsibility to use their discretion to ensure that adequate staff remains on duty to perform the work of the agency.

When advance approval is not possible, the employee must notify the SPA as soon as possible of the dates and reasons for the absence. Unless extenuating circumstances exist, employees are expected to notify the SPA of absences no later than one hour after their scheduled starting time.

Excessive Absenteeism or Tardiness

Absenteeism or tardiness is excessive when an employee is unable to adequately perform his/her job, or when the normal day-to-day work activities of the office are disrupted due to excessive and/or unscheduled absences or tardiness by the employee. Excessive absenteeism or tardiness may be grounds for disciplinary actions, up to and including termination.

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

Unauthorized Absence

An employee who fails to report to or remain at work, or who fails to return to work upon expiration of approved leave, may be considered to have abandoned his or her position with the agency. Such an employee will be expected to produce a satisfactory explanation for the unauthorized absence. An employee who is absent from work for three or more consecutive days without contacting his or her supervisor will be deemed to have abandoned his or her job at the close of the third day. Unauthorized absence(s) may be grounds for disciplinary actions, up to and including termination.

Overtime and Compensatory Time

(See Texas Government Code 659.015, 659.016, 659.022, 659.023)

Time worked in addition to an employee's regular work schedule may be credited as overtime or compensatory (comp) time depending on whether the employee:

- is designated as **exempt** or **non-exempt** under the FLSA; and
- has worked 40 hours during the week or has taken any leave during the week.

Overtime provides an employee with 1.5 hours of paid time off for each overtime hour worked. Comp time provides an employee with one hour of paid time off for each comp hour worked. An employee's personal residence shall not be deemed to be the employee's regular place of business or duty point for purposes of earning compensatory time.

FLSA Exempt & Non-exempt Employees

Overtime eligibility is governed under the provisions of the FLSA. Eligibility is not based on an employee's classification title or pay group, but on the employee's functional job. FLSA exempt employees are ineligible to earn overtime compensation. FLSA non-exempt employees are eligible to earn overtime. OCA's Human Resources Department is responsible for determining the FLSA designation for each employee.

Earning Overtime

Non-exempt employees earn overtime for time worked more than 40 hours in a week. To earn overtime, the 40 hours must be time worked. Paid time off, such as holidays, vacation and sick leave, etc., do not count as time worked for calculating overtime. For example, a non-exempt employee who works 44 hours during one work week earns 4 hours of overtime.

Earning Compensatory Time – Non-exempt Employees

Non-exempt employees earn straight compensatory time when paid hours exceed 40 in a work week but the employee has worked less than 40 hours. Once the total of actual hours worked reaches 40, the employee begins earning overtime.

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

Earning Compensatory Time – Exempt Employees

With proper approval, exempt employees may earn compensatory time for hours worked in excess of 40 hours in a work week.

Approval to Earn Comp Time or Overtime

All employees must submit to OCA's Payroll the Request to Earn Compensatory Time or Overtime Form and have prior written approval from the SPA before working comp time or overtime. However, a non-exempt employee must be compensated for overtime even if it was not approved in advance. A non-exempt employee who works unauthorized overtime should be counseled or disciplined just as with any other violation of agency policy. Prior written approval is not required before earning holiday comp time.

An employee's work schedule may be adjusted to ensure that the employee does not exceed 40 hours. For example, an employee who must work 2 extra hours on Tuesday can be required to leave 2 hours early on Friday so as not to exceed 40 hours that week.

Overtime Compensation

The agency compensates non-exempt employees for overtime by granting them paid time off at the rate of 1.5 hours for each overtime hour they earn. A non-exempt employee may accumulate overtime credit up to 240 hours (160 hours at time and one half) with no time limit on the use of these hours. Payment for overtime is made when an employee separates from the agency or when accumulated overtime exceeds 240 hours. Exceptions must be approved in advance by the SPA. Exempt employees do not earn overtime.

Maximum Comp Time Accruals

Comp time is credited as one hour earned for each hour worked. 160 hours is the maximum number of non-holiday comp time hours that can be carried as a balance by an employee during a 12-month period. The SPA may make exceptions to this provision during periods of extended business activities, such as during a Legislative session.

Use of Accrued Comp Time Before Lapsing

Comp time must be used within twelve (12) months of when it is earned or it will be forfeited. Comp time is not transferable to another state agency and will not be paid when an employee separates from the agency.

If an employee submits a written request to use accrued compensatory time at least 90 days before it is scheduled to lapse, the SPA must approve the request as stated, or provide the employee with an alternate date on which the employee may use the comp time. Comp time must be both requested and used before the date it is due to lapse. If an employee's comp time is within 90 days of lapsing, the SPA is encouraged to reasonably accommodate the employee's use of the accrued comp time before it lapses. Employees will be notified annually of this policy on comp time accrual and usage.

Holidays

(See Texas Government Code 662.003)

Types of Holidays – There are three types of holidays to which an employee is entitled: national, state, and optional. Eligible employees are entitled to a paid day off from work on national and state holidays as specified by the Legislature.

Eligibility – Employees are entitled to paid day off from work on a specified holiday if:

- the holiday does not fall on a Saturday or Sunday; and
- the employee is not on Leave Without Pay.

Skeleton Crew Days – The agency will have a sufficient number of employees on duty during a state holiday (skeleton crew day) to conduct the public business of the agency except for those state holidays which fall on a Saturday or Sunday, the Friday after Thanksgiving Day, and December 24th and 26th. The SPA may use her discretion in determining staffing requirements on skeleton crew days. Employees who must work on a national or state holiday will accrue holiday compensatory time and will be allowed time off during the 12-month period following the date of the holiday worked. Employees who work on skeleton crew days must enter the number of hours worked in CAPPs to receive credit for this time.

OSPA will maintain a skeleton crew during any non-national holiday when the State Legislature is in session.

Optional Holidays – An employee is entitled to paid leave to observe an optional holiday (Cesar Chavez Day, Rosh Hashanah, Yom Kippur, or Good Friday) if he/she agrees to relinquish a state holiday (skeleton crew day) during that same fiscal year. If the employee fails to work a skeleton crew day in the same fiscal year, a day of vacation leave will be charged instead. If no vacation leave is available, he or she will lose one day of pay.

Holiday Before Work Begins or After Work Ends – An individual must be a state employee on the workday before and after a designated holiday to be paid for that holiday, unless the holiday falls on the first or last workday of the month.

Part-time Employees – Part-time employees are entitled to the same holidays with pay (on a prorated basis) as granted to full-time employees.

Annual Vacation Leave

(See Texas Government Code 661.152)

Eligibility – An employee is eligible to take annual vacation leave with pay after meeting the specified requirements:

- an employee with no previous State employment may take annual leave after completing six (6) full months of continuous employment with OSPA; or

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

- an employee with previous state employment who has completed six (6) full months or more of continuous state employment and whose vacation balance has been transferred from the other state agency is eligible to take the accrued annual leave upon employment; or
- an employee with previous State employment who has a break in service of at least 30 days and has completed six (6) full months or more of continuous State employment may take annual leave as it is earned upon re-employment.

Rate of Accrual and Allowable Carry Forward – The schedule below shows rates of annual leave accrual for various lengths of State employment and the maximum number of hours an employee may carry forward each fiscal year beginning on September 1st. The schedule is based on full-time employment.

Schedule of Vacation Leave Accruals for Full-Time Employees			
Length of Service	Hours Accrued per Month	Days Accrued per Year	Allowable Carryover (Hours)
Less than 2 years	8	12.0	180
At least 2 but less than 5 years	9	13.5	244
At least 5 but less than 10 years	10	15.0	268
At least 10 but less than 15 years	11	16.5	292
At least 15 but less than 20 years	13	19.5	340
At least 20 but less than 25 years	15	22.5	388
At least 25 but less than 30 years	17	25.5	436
At least 30 but less than 35 years	19	28.5	484
At least 35 years or more	21	31.5	532

Employees accrue vacation from their first day of employment. They end this accrual on their last day of duty. Duty day means an employee’s last physical date on the job. An employee may not accrue vacation time while exhausting vacation time for termination purposes.

An employee in a leave-without-pay (LWOP) status for a full calendar month does not accrue vacation leave for that month. An employee on paid or unpaid leave which extends into a subsequent month does not earn accrued leave until he/she returns to work.

Excess Balances – Excess annual leave balances above the amount that can be carried forward will be credited to the employee’s sick leave balances on the first day of the new fiscal year.

Higher Accrual Effective Date – Credit for the higher rate of accrual as shown on the above schedule will be given on the first calendar day of the month, if the employee’s anniversary date falls on the first calendar day of the month. If the employee’s anniversary date falls after the first calendar day of the month, the increase will occur on the first calendar day of the following month.

Part-time Employees – The number of hours accrued and the amount of maximum carry forward allowed for part-time employees will be on a proportionate basis.

Sick Leave

(See Texas Government Code 661.202)

Sick Leave Accrual – Each employee accrues paid sick leave beginning on the first day of employment and ending on the last duty day of state employment. Duty day means an employee's last physical day on the job. An employee will be credited with his/her full accrual for each full or fraction of a month worked.

Full-time employees accrue sick leave at the rate of eight (8) hours per month. Part-time employees accrue sick leave at a rate in proportion to that of a full-time employee. Sick leave accumulates with the unused amount carried forward each month, and there is no limitation on the amount which may be accrued. An employee in a leave status on the first day of the month may not use sick leave accrued for that month until after the employee returns to work.

Use of Sick Leave – An employee is eligible to use sick leave immediately upon employment with the agency. Sick leave may be taken when sickness, injury, or pregnancy and confinement prevent the employee's performance of duty or when the employee is needed to care and assist a member of his/her immediate family who is sick. An employee's use of sick leave for family members not residing in that employee's household is strictly limited to the time necessary to provide care and assistance to the spouse, child or parent of the employee that needs such care and assistance as a direct result of a documented medical condition.

Timely Notification – An employee who must be absent from work because of sickness, injury, or pregnancy and confinement must notify the SPA at the earliest possible time. If the absence is going to be for more than one day, the employee must notify the SPA of his/her status each morning, unless other arrangements are made.

Absence for More Than Three Days – When an employee is off work due to sickness, injury, pregnancy, confinement, etc. for more than three (3) consecutive work days, he/she must submit with the leave form a doctor's statement showing the cause or nature of the illness, or some other written statement of the facts concerning the illness, acceptable to the SPA.

Absence for More than Six Days or Partial Days in a Month – It is the responsibility of the SPA to monitor absences to facilitate a determination of whether an employee or his/her family member may have a serious medical condition. When an employee is absent for more than six days or partial days in any month because of sickness, injury, pregnancy and confinement, or medical treatment, the SPA may notify OCA's human resources department immediately. If the employee is entitled to Family and Medical Leave, appropriate steps will be taken by the human resources department. See Family and Medical Leave Act section below.

Excessive Use of Sick Leave – Excessive use of sick leave may be evident when an employee uses sick leave as it is accrued and/or totally runs out of leave (unless due to a bona fide serious health condition as specified under the Family and Medical Leave Act), resulting in leave without pay status.

Birth or Adoption of a Child – An employee who adopts a child under three years of age may use the amount of sick leave that would be necessary to recover from pregnancy and childbirth. Female state employees may use sick leave for pregnancy and confinement. A state employee who is the father of a newborn child may use his sick leave in conjunction

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

with the child's birth only if the child is actually ill or to care for his wife while she is recovering from labor and delivery.

Parent-Teacher Conferences – An employee who is a parent of a child who is a student attending a grade from pre-kindergarten through 12th grade may use up to eight hours of sick leave each fiscal year to attend parent-teacher conference sessions for the employee's children. The employee must give reasonable notice to the SPA.

Transfer of Sick Leave – If an employee makes a direct transfer to another state agency without a break in service, the sick leave balance will transfer to the receiving agency. If there is a break in service, but the employee is re-employed by the State within 12 months, the employee may be entitled to restoration of sick leave balances

Unused Sick Leave Balance – Once an employee terminates employment with the State, the employee is not entitled to payment for any sick leave balance.

Sick Leave Upon Death – In the event of employee death, one-half of the sick leave balance or 336 hours of sick leave, whichever is less, is paid to the employee's estate if the employee was continuously employed at least six months at the time of death.

Extended Sick Leave

(See Texas Government Code 661.202)

Extended Sick Leave – If all leave balances are exhausted, an employee may request Extended Sick Leave. Extended Sick Leave is a form of paid leave and may be granted for the same reasons as Sick Leave. Exceptions may be authorized on an individual basis after a review of the merits of each case.

Approval of Extended Leave – Authority to approve or disapprove Extended Sick Leave is at the SPA and is to be based on the best interests of the agency.

Eligibility – To be eligible for Extended Sick Leave, an employee must:

- have exhausted all sick leave, annual leave, and compensatory/overtime;
- be performing job duties at a satisfactory level according to the immediate supervisor and as reflected in the employee's most recent performance Work Review Program;
- have used past sick leave in a responsible manner. Sick leave consistently taken as it is earned, or failure to maintain sick leave balances without good cause or a pattern of being sick on Monday, Fridays, or days immediately before or after a holiday may not be considered responsible use;
- indicate intention and ability to return to work after the period of extended sick leave.

Maximum Allowance – If approved, the length of Extended Sick Leave is determined by the employee's length of employment with the agency (on a prorated basis for part-time employees) as follows:

- Less than 2 years – A total of 40 hours of Extended Sick Leave may be granted within a 12-month period
- 2-3 years – A total of 80 hours of Extended Sick Leave may be granted within a 12-month period

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

- 3-4 years – A total of 120 hours of Extended Sick Leave may be granted within a 12-month period
- 4 or more years – A total of 160 hours of Extended Sick Leave may be granted within a 12-month period.

Sick Leave Pool

(See Texas Government Code 661.002)

Purpose – The agency has established a Sick Leave Pool so agency employees may assist other agency employees who have exhausted all paid leave due to a catastrophic injury or illness. Sick Leave Pool is a form of paid leave.

Pool Administrator – OCA's human resources director is the Sick Leave Pool Administrator.

Catastrophic Illness Defined – Catastrophic illness is defined as a severe condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee's immediate family that requires the services of a licensed practitioner for a prolonged time, that forces the employee to exhaust all leave time accrued by that employee, and that would cause the employee to lose compensation from the State if additional leave were not granted.

On-the-Job Injuries – This policy does not apply to employees injured on the job. Those employees are covered by workers' compensation benefits.

Pregnancy and Childbirth – Pregnancy, childbirth (including cesarean deliveries), or related medical conditions will be treated as any other temporary disability, and will not be considered catastrophic under routine and/or normal conditions.

Requesting Sick Leave Pool – Requests for leave from the Sick Leave Pool must be submitted in writing to the SPA and referred to OCA's human resources director. A doctor's statement must be attached that includes a diagnosis and the proposed length of absence from work. This is the same form as the one for FMLA Medical Certification. If the request is for an immediate family member, the doctor should indicate the length of time the employee is required to assist the family member.

Employee Donations to Sick Leave Pool – All donations of sick leave hours to the Sick Leave Pool are strictly voluntary and are treated as if the employees had used the time for personal purposes. The policies governing donations to the pool are:

- employees who make donations to the pool may not stipulate who is to receive their donations;
- active employees may donate one or more days of accrued sick leave in increments of eight hours;
- terminating/retiring employees may donate sick leave at the time of separation;
- retiring employees may designate the number of accrued sick leave hours to be used for retirement credit and the number to be donated to the sick leave pool.

Using Sick Pool Leave – An employee may apply to use sick leave from the agency Sick Leave Pool provided the catastrophic illness or injury will exhaust all leave, including:

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

- Sick;
- Annual (if available);
- Compensatory/Overtime; and
- Extended Sick (if available).

Criteria for Approval of Sick Leave Pool Request – Before a Sick Leave Pool request will be granted, the following factors will be taken into consideration:

- Severity of the illness or injury;
- Responsible use of sick leave in the past;
- Sustained satisfactory job performance; and
- Intention to return to work.

Approval must be obtained from the SPA. Requests will be evaluated in the order in which they are received.

Return to Work – If a physician releases an employee back to work or does not provide a statement requesting additional time (subject to the approval of the SPA), and the employee does not return to work immediately, the employee will not be paid for the unauthorized time.

Maximum Amount of Leave Per Request – The maximum amount of leave granted per request will be limited to the lesser of 45 working days (360 hours) or one-third of the total time in the pool, and is pro-rated for part-time employees. The employee may reapply for additional leave if the amount previously granted is insufficient to cover the employee's absence. The subsequent requests are subject to the same restrictions as indicated previously, including additional physician's statements. Although employees may make additional requests for leave from the Sick Leave Pool, the total amount granted for catastrophic injury or illness cannot exceed the lesser of one-third of the total time in the pool or 90 days (720 hours).

Leave Accruals While on Sick Leave Pool – An employee on Sick Leave Pool status will still accrue annual and sick leave at the beginning of each month, but the leave will not be credited until the first day of return to duty.

Donation of Sick Leave

(See Texas Government Code 661.207)

Purpose – State employees may voluntarily transfer any amount of their accrued sick leave to another state employee within the same agency.

Eligibility – To be eligible, the receiving employee must:

- be employed in the same agency as the donor employee
- exhaust all available sick leave, including any time granted by sick leave pool

Prohibitions – State law prohibits:

- an employee from providing or receiving a gift in exchange for donated sick leave;
- an employee who receives the donated sick leave from using that sick leave except as provided by Texas Government Code, Sections 661.202(d) and 661.202(e). Those

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

sections allow for the use of sick leave to care for the employee or for members of the employee's immediate family. "Immediate family" is defined as individuals related by kinship, adoption, or marriage who live in the same household; foster children who reside in the same household; and minor children, regardless of whether they live in the same household. Sick leave may also be used to care for immediate family members who do not reside in the same household only for a documented medical condition. In that instance only, "immediate family" is interpreted as spouse, parent, or child; and

- an employee who donates sick leave from receiving credit in the Employees Retirement System of Texas for any sick leave that is unused on the last day of the donated employee's employment.

Possible Tax Implications - Sick leave donations will be considered a taxable event to the donor unless the situation qualifies as a medical emergency according to IRS guidelines. IRS guidelines state, "a medical emergency is one that requires an employee's prolonged absence from work, resulting in a substantial loss of income because the employee has exhausted all of his otherwise available paid leave." Donations not qualified as medical emergencies will be treated as wages for employment tax purposes. Such wages will be considered a lump-sum payment and subject to 25% income tax, Medicare, and applicable social security withholdings. Employees making a donation are encouraged to consult a tax advisor.

Family and Medical Leave Act

(See Texas Government Code 661.912)

Purpose – The Family and Medical Leave Act (FMLA) requires the agency to provide eligible employees up to twelve (12) weeks per year off work for the birth, adoption, or foster care of a child, or because the employee or a spouse, parent, or child of the employee has a serious illness. State law requires employees to utilize all sick and annual paid leave while taking leave pursuant to this provision, unless they are receiving temporary disability or workers' compensation benefits.

Eligibility – For purposes of the FMLA, an eligible employee is one who has been employed by the State for at least 12 months, and who has worked at least 1,250 hours during the preceding 12 months. When calculating the required 12 months of State employment for FMLA eligibility, all State employment will be counted and it need not be continuous. The 1,250 hours refers to hours actually worked and does not include any paid time off.

Conditions – An eligible employee is entitled to a total of 12 work weeks of leave during a rolling 12-month period which begins on the date an employee uses any FMLA leave. FMLA leave may be used for:

- the birth of a son or daughter, and to care for the newborn child;
- the placement of a child with the employee for adoption or foster care;
- the care of the employee's spouse, child, or parent with a serious health condition; or
- a serious health condition that makes the employee unable to perform the functions of his/her job.

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

Serious Health Condition – A serious health condition[®] is defined as an illness, injury, impairment, or physical or mental condition that involves either inpatient care in a hospital, hospice, or residential medical care facility or continuing treatment by a licensed health care provider.

12-Week Maximum – Under FMLA, the maximum combination of paid and unpaid leave will be limited to 12 weeks. Any extension beyond this period must be requested and approved under provisions of the agency Leave Without Pay policy. Failure of the employee to report back to work at the end of the prescribed period, without prior written approval from the SPA, will be considered leave without pay. Unauthorized absence is grounds for disciplinary action, up to and including termination.

Paid Leave/Unpaid Leave – The FMLA does not entitle an employee to paid leave in addition to other types of paid leave already accrued by the employee. Eligible employees must use all appropriate paid leave, annual and sick, while taking Family Medical Leave. State compensatory time, holiday time, and administrative leave that are benefits of the State may be counted toward the entitlement. Federal law does not permit FLSA compensatory time to be used concurrently with Family Medical Leave. If an employee elects to use FLSA Compensatory time while out on Family Medical Leave, that time is not counted toward the 12-week entitlement. After all paid leave is exhausted, employee will be on unpaid leave for the remainder of their Family Medical Leave.

Planned Medical Treatment – When the need for leave is foreseeable, based on planned medical treatment for the employee or family member, the employee must make a reasonable effort to schedule the treatment so as not to unduly interrupt the operations of the employer, subject to the approval of the health care provider providing the planned care. The employee should provide 30 days' notice, or if not possible, as much notice as is practicable.

Intermittent Leaves and Reduced Schedules – Leave for the illness of the employee or family member may be taken intermittently or on a reduced schedule when medically necessary. Leave for childbirth or placement for adoption or foster care may be taken intermittently or on a reduced work schedule only with the agreement of the SPA.

Temporary Transfer – If an employee requests intermittent or reduced-schedule leave for medical reasons, the SPA may temporarily transfer the employee to an available alternative position for which the employee is qualified, and which has equivalent pay, if the alternative position better accommodates recurring periods of leave than the employee's regular position.

Reinstatement – An eligible employee who takes FMLA leave is entitled to be restored to his or her former position, or to an equivalent position with equivalent pay, and other terms and conditions of employment.

Benefit Rights – The taking of leave under FMLA may not result in the loss of any employment benefit accrued prior to the date on which the leave commenced. Nothing in the Act, however, entitles an employee to any right, benefit, or position other than one to which the employee would have been entitled had the leave not been taken.

Insurance – The agency will maintain any group health coverage for the employee on leave on the same terms as if the employee were at work for the duration of the leave. An employee on unpaid leave for an entire calendar month is responsible for paying his/her portion of the insurance premium and the State will pay its portion.

TIME AND LEAVE POLICY

OFFICE OF THE STATE PROSECUTING ATTORNEY

Implemented November 2017

An employee who is granted an approved leave of absence under this policy may continue his or her group insurance coverage by arranging with Human Resources to pay his or her portion of the premium contributions during the period of unpaid absence. Employees will be required to continue to pay their share of group health benefit costs during the period of leave under the law.

If an employee elects not to return to work upon completion of an approved unpaid leave of absence, the agency may recover from the employee the cost of any premiums paid by the State to maintain the employee's coverage, unless the failure to return to work was for reasons beyond the employee's control or due to the continuation, recurrence, or onset of a serious health condition.

Certification of Serious Health Condition – An employee requesting leave under FMLA because of his/her or a family member's serious health condition will be required to provide certification from the health care provider treating the condition. The health care provider should provide detailed information regarding the condition of the employee or family member, and also give an estimate of the amount of time needed for the employee's recovery or the amount of time the employee is needed to care for the family member. If intermittent leave or a reduced leave schedule is requested, the health care provider should also state the dates and duration of planned medical treatment.

Additional Certifications – An employee may be required to obtain a second certification from a health care provider designated or approved by the agency. If the second provider disagrees with the first, a third and final opinion might also be required from a jointly selected provider.

Return to Work – An employee who has been absent due to a serious health condition must provide certification from the health care provider that he/she is able to resume work.

Spouses Employed by Agency – A husband and wife who are eligible for FMLA leave and who are both employed by the agency are permitted to take only a combined total of 12 weeks of leave during a fiscal year if the leave is taken:

- for birth of a son or daughter or to care for the child after birth;
- for placement of a child for adoption or foster care, or to care for the child after placement; or
- to care for a parent (but not a parent in law) with a serious health condition.

When a husband and wife each take a portion of the total 12-week leave to care for a parent or for the birth, adoption, or placement of a child, each would be entitled to take the remaining portion of the 12-week leave for his/her own serious illness or to care for a sick child.

Notice of Birth or Placement of a Child – In the case of FMLA leave for the birth or placement of a child for adoption or foster care, an employee should provide 30 days' advance notice before the date on which the leave would begin, if possible. If the employee is unable to provide such notice, he or she must provide as much notice as is practicable.

OSPA Designation – When OCA's Human Resources has been notified of absences indicating that a serious medical condition may exist, OCA's Human Resources Director will ask for sufficient information to determine whether the employee is entitled to FMLA leave. If so, Human Resources will make a preliminary designation of qualification and will notify the employee. The employee will be asked to provide medical certification of the nature of the illness or injury and whether it qualifies as a serious medical condition.

Returning to Work Following an Injury or Illness – The OSPA will make every reasonable effort to provide suitable return-to-work opportunities for an employee who is unable to perform his or her regular duties following a work-related injury or illness. This may include modifying the employee's regular job or, if available, providing temporary alternate work depending on the employee's physical abilities. An employee must obtain a valid return-to-work release from a qualified physician and interact with his or her supervisor and Human Resources to determine the capacity in which he or she may return to work.

This period begins with the date of birth, or the first day the adoptive or foster child is formally placed in the home. The employee must use all available accrued leave before going on leave without pay while taking the parental leave.

Notification – An employee anticipating using parental leave should notify the OSPA and OCA's Human Resources at the earliest possible opportunity to allow ample time to plan for covering duties for the duration of the absence.

FMLA Provisions – Parental leave is only available for employees who are not eligible for FMLA leave.

The granting of such leave is at the sole discretion of the SPA, and is granted only if it is determined to be in the best interest of the employer.

Emergency Leave and Workers' Compensation – The SPA may authorize emergency leave pay for not more than 6 months to an employee receiving workers' compensation benefits. Payment will not exceed the difference between the employee's basic monthly wage and the monthly amount of minimum benefits.

Requests – Requests for Emergency Leave should be submitted to the SPA, who in turn submits it to the human resources director.

Approval – Approval for emergency leave can only be granted or denied by the SPA.

Wellness Leave

(See Texas Government Code 664.061)

Workday Exercise Leave – Full-time employees may be allowed up to 30 minutes during normal working hours for exercise three times each week in accordance with a documented schedule.

The SPA has the discretion to only approve workday exercise schedules that will not be disruptive to the agency's workload.

Merely failing to take time off to exercise at a scheduled time does not require advance approval, if an alternate time is not requested.

Documentation of EW Leave – Employees must document the time spent during the workday for exercise in CAPPS using the time reporting code of EXERT.

Approved Leave Without Pay

(See Texas Government Code 661.909)

Leave Without Pay Defined – Approved Leave Without Pay (LWOP) is the temporary absence from duty of an employee who intends to return to work. During the length of the absence, which cannot exceed 12 months, pay is suspended.

Request from Employee – Employees requesting Leave Without Pay must submit their request in writing to the SPA. If approved, the request will be forwarded to OCA's Human Resources. The request must include a start date and an ending date. The request must also include the reason for the request, and, if for medical reasons, it must include a doctor's statement and any other detailed justification that adequately explains the reasons for the request.

Review by Administration – All requests for Leave Without Pay will be reviewed for approval by the SPA. Approval of the request is not automatic. The requested leave time may be disapproved or adjusted to meet the business needs of OSPA. If the request is disapproved or adjusted, and the employee is unable or declines to remain on the job, the agency may take appropriate action to terminate employment.

Return to Work – Although approval of Leave Without Pay constitutes a guarantee of employment upon return, such a guarantee is subject to fiscal constraints. Upon return to duty, the employee may be placed anywhere in the agency, and his/her salary level is not guaranteed. Employees are expected to return to work immediately upon the expiration of the approved dates for Leave Without Pay, unless they have requested and received approval for an extension.

Failure to Return to Work – Failure to return to work from Leave Without Pay on the approved return date will be considered abandonment of position, and the agency may take appropriate action to terminate employment.

Exhausting Available Paid Leave – All available accumulated paid leave entitlements must be exhausted before granting Leave Without Pay, except leave as a result of disciplinary actions, active military duty, or Workers' Compensation. Sick leave must be exhausted before going on leave without pay status only if the leave is for a reason for which the employee is eligible for sick leave.

Leave Accruals and Insurance Premium – If an absence covers an entire calendar month, the employee does not accrue any vacation or sick leave. The employee is also responsible for payment of his/her insurance premiums (unless excepted under provisions of the FMLA). A full or partial calendar month during which an employee is on leave without pay does not constitute a break in continuity of employment. Except for an employee returning from military leave without pay, a full calendar month during which an employee is on leave

without pay is not counted in computing total state service for purposes related to longevity pay or to the rate of accrual of vacation leave; or continuous state service for purposes related to merit salary provisions or vacation leave.

Exceptions to Policy – The SPA may grant exceptions to these provisions when it is deemed to be in the best interest of the State, such as when the leave is to work for another state governmental entity under an interagency agreement, or for educational purposes.
